

Clubfoot App: Instructions for brace wearing schedule that is set by Ponseti International Association

Using the Clubfoot App with the Ponseti International Association recommended brace wearing treatment schedule:

The user must enter some basic data such as the Name of the Brace and the Brace Start Date. Once this has been entered, the goals/recommendations for the Ponseti Method are displayed as seen on the screen shot below. The Start and End Date, as well as hours and current daily wearing goal for each period of the Ponseti Method will display on screen. The user will then select the Save button.
